Re-broadcast World Exposure. Let's play a little deadly game of Terrorist attacks against our USA government as well as ALL other Governments and Corporations with focus on who has the money.

On the NEXT page, here are photographs of a group of Terrorists and a few honest persons who are responsible for upholding Constitutional Law and enforcing the rights of all persons by protecting their rights of Free Speech, right to face any and all accusers, and of course, putting the true criminals in HELL-JAIL to replace the thousands, actually MILLIONS of citizens forced into Jail by criminals so the criminals have [CreatorKeith.com](http://CreatorKeith.com) INC 2015 Gifts all his Acts of Wisdom to the world.

al the time and assets in the world to DESTROY their own criminal evidence and leave no trace of their existence and Crimes Against Humanity. Start with Andy Griffith, then 3 Cobb County GA criminal DA's, then Terrorist ROSE and MS. Bashama, Terrorist Fed Judge Thurman Jackson, Duncan clan. Then end with FBI James Comey and why he personally refuses to contact the true Son of Mankind on the bottom right who teaches our entire world how to prevent all crimes in the first place. Any Q's now?

Watch and read. This is Blacklist series about the worse criminals of all shown on bottom of **SolutionURL.com** division of criminals and righteous data based persons of integrity. Which side will you be listed on Interpol gifted URLiDent.com dated Jan 7, 2015 on iseelunderstand.com

Robert Dee Rose DOB 1971-apr-01 heads this blacklist I delivered to all law enforcement, Interpol, IRS, FBI, US Marshals, attorney General p, then churches, public, and of course the associated press. Why has FBI James Comey and Loretta Lynch not directly commanded their groups to take action with authority I gave them Over and over, including recorded visit to Washington, D.C. may 1, 2014 National Prayer Day video rally I hosted... To declare tyranny and crime will only be stopped dead cold by educated citizens and military forces.....

For now 8 years, no honest person can be found to represent any of my Constitutional Rights. Rose evades all investigations by blackmail, extortion, murder, and massive cybercrime infiltration of USA government databases with spy networks of political criminals who believe they are immune from criminal, investigations I delivered to Langley Air Force base Sept 25, 2011 based on their own MP and OSI testimony per 4:11cr112 that was always attempted murder by Rose under false witness pretense I claimed I was kidnapped by showing everyone that ONE cancelled Restraining order 11.1.1171.99 Cobb County Ga dated July 15, 2011. ,

Therefore every single criminal owes BidOnKeith.com real and punitive damages as well as sf-95 federal torts claim act judgments they have been asked to fill out themselves.

Truly I say to the world, how disgusted and ashamed I am of my own government, churches, and thousands of persons directly contacted as I travel your world of end times. This is not my world of evil, it is in your heads to take action with authority.
